

FORWARD

The discovery of a long-hidden Old Testament generations link to the New Testament Matthew 1 generations of Jesus belongs to a six year old girl. It is a true story.

We were driving South on Interstate I77, when my granddaughter said, “Gramps. If you add 1 to 2 and get 3, and then add 3 to 3 for 6, and then add 6 to 4 for 10, and then add 10 to 5 to get 15, and then add 15 to 6, do you get 21?”

I said, “What the? I don’t know. I’ll have to think about that.....

Tell me again.”

And so, Emma repeated the six number progression. This time, although I didn’t follow her additions, (I was driving) I noticed that the list of numbers were from 1 to 6, and most importantly the total was 21.

There are six days in the Creation. And 21 is the sum of 7 evenings, 7 mornings and 7 days of the Creation. My recently published book, “The Genesis I Window”, has the subtitle, “Reveals the Hidden Mathematics of the Bible.”

Did I miss something?

In wonderment I said, “Where do these numbers come from?”

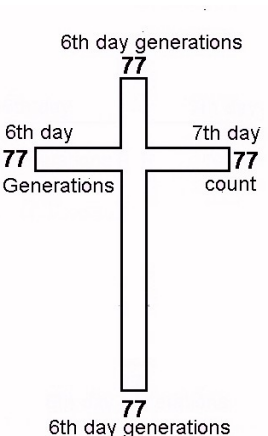

Emma said, “I was looking at your radio, There are six stations.”

So then, while looking at the six radio station buttons, I easily tracked the additions of the progression, even while driving. (It is not recommend that anyone else do this while driving) The point is I could SEE the six numbers on the radio. It was easier to maintain the progressing total in my mind while looking at the buttons on the radio.

Did Emma discover a unique progression of the number six that ends with 21? No. Emma’s progression is called summation. In mathematics the summation of one to six is symbolized as shown below.

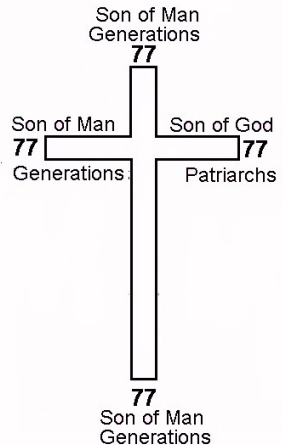

$$\sum_{i=1}^n i = \frac{n(n+1)}{2} \quad \sum_{i=1}^6 i = \frac{6(6+1)}{2} = 21$$

Creation's 77 Generations
Old Testament

Did I miss something about mathematics of the Bible in my book “The Genesis I Window?”

Yes. I missed the six-day generations of EVENing and MORning in the Creation.

Jesus Genealogy Cross
New Testament

On the sixth day there are 21 generations for EVENing, *the mother of all living* flesh and blood humans. There are also 21 generations for

Morning, *the morning star* who is Jesus. Together 21 + 21 is 42, the total generations in Matthew 1:17 of Jesus' (Son of Man) genealogy that begin the New Testament. Voila!

It is important to understand that numbers in the Bible are spiritual numbers. That means the numbers are not quantitative. In the Matthew 1:17 genealogy of the Son of Man (Jesus) 42 generations are split into 14, 14, 14, which is also 7+7, 7+7, 7+7, which is also distilled to 77 77 77.

Divine equivocation, explained in the first chapter of this book, tells us 42 is also 77, 77, and 77. These three numbers build the first three steps of both crosses on the previous page.

Although the first three steps of the "Creation's 77 Generations" Cross are from the 6th day of the Creation, the 77 that finish the cross (result) is from the 7th day count of EVEning and Morning.

Although the first three steps of the "Jesus Genealogy Cross" are natural descending generations of the Son of Man, the 77 patriarchs that finish the cross (result) for the Son of God are supernatural ascending Patriarchs to God.

For 6000 years only half of the Bible has been available to humans.

Science has proven that humans learn by both seeing and hearing. Although the text of the Bible can be heard when read, unfortunately there are no pictures in the Bible to help explain the text.

But the Bible instructs the reader in Isaiah 6:9-10 that one must both SEE and hear in order to both perceive and understand. The prophet Daniel was given both inSIGHT and understanding by Gabriel. Jesus said that one must both SEE and hear his parables in order to understand.

So where are the pictures?

There are over 225 pictures in this book that illustrate scripture with a consistent message of the cross throughout the Bible.

For 6000 years humans have wondered what all the numbers in the Bible mean.

Numbers exist on every page in the Bible. The first page of the Bible even teaches one how to count. Numbers exist on many of the pictures in this book to enable and validate pictures of the cross.

Numbers in the Bible connect the Old and New Testaments creating a new never-before-imagined harmony between the Old and New Testaments.

Numbers from the Creation not only structure all scripture, but also the numbers of science that define life on earth. For example the count for EVENing, Morning and Day on the 6th day is 666 when man was created. All mortal life on earth is carbon based which has an atomic image of six electrons, six neutrons and six protons, which is also 666.

It is no secret that the atmosphere is composed of 77.7% nitrogen, the next element in the Periodic Table of Elements. It is a fact that nitrogen's atomic image is 777 because it has seven electrons, seven neutrons and seven protons. If you count EVENing, Morning and Day on the 7th day of the Creation the number is 777.

However, for 6000 years humans have ignored the numbers in the Bible that even a six year old child can understand.
